

This is my tree house.

My tree house has a very nice slide. The slide is red.

At my tree house there is a rope on which you can climb.

The tree house has knitters.

This is my tree house.
I can climb up and down.
I have a lot of fun.
I hang up boards on the tree that I can climb up and down.
It is small and very cosy.

Jade

This is my tree house.
I can climb up on a ladder to my tree house.
My tree house has a rope and a pirat flag.
It is big and brown.
It's made of wood.

Tim

My tree house has a lift in the tree trunk.
It has a long swing.
There is a very big sofa in my tree house.
My tree house has a white door.
My tree house is very nice.

Mark

My dream tree house

No adults are allowed to enter my tree house.

To enter my tree house you have to use climbing grips to reach the monkey bars. The final step is from the monkey bars into a tunnel on a rope. Then you have reached the tree house.

You have to use climbing grips to get to the zip wire down.

There is a minibar inside.

I have a stereo to listen to music.

I have a tire swing.

There is a walkie talkie in the tree house to order food from my mother who has the second walkie talkie.

I installed a pulley system to get the food up.

I can abseil down the tree.

Pierre

My tree house is made of wood and it is beautiful.
It has a zipline.
There is a seat and you can bind yourself and the seat goes down.
There is also a red bucket which you fill with water.
Next to it is a red, long, scary slide.
The way up goes through many stairs and it's made out of wood.
Next to it there is a long black rope which leads to a small pool.
At the top you can watch through a black telescope.
Above it two bird houses hang and two bird families live in them.
This is my tree house.

This is my tree house.
It's orange and has a red roof.
It is small and cosy.
You can climb up on the ladder.
Down you go on the blue slide.
I love my tree house.

Nathalie
